SDB CONTRACTING SERVICES

ADVANCED TECHNOLOGY

Innovative Solutions for Cleanroom and Advanced Technology Environments with SDB Contracting Services.

PIONEERS IN ADVANCED TECHNOLOGY

Established in 1980, SDB Contracting Services is a full-service General Contractor with over **four decades of experience in advanced technology**. SDB's origins lie in cleanroom and access floor construction, and over the years, we've evolved into a versatile firm capable of executing everything from intricate Remote-Location, Design-Build projects to straightforward Bid-Build Renovations.

EXTENSIVE EXPERIENCE

Our extensive experience in the advanced-technology industry, where safety is paramount, has earned us a stellar reputation in mission-critical, occupied environments, including semiconductor manufacturing facilities.

WHAT WE DO

- Automated Material Handling Systems
- Facility Contracting Services
- Cleanroom Construction
- Medical Lab Construction
- Crating and Rigging
- Tool Installations
- Civil Construction

SELF PERFORM CAPABILITIES

At SDB, we self perform an array of services and take immense pride in the results we deliver to our clients. We proactively identify solutions, simplifying the responsibilities of facility and building owners. SDB has a workforce of more than 700 skilled tradesmen and in-house capabilities that encompass cleanroom remodels, architectural finishes, metal studs and drywall, and various other specialty construction services. We take charge of the design and installation of access floors, cleanrooms, and other specialty projects that extend beyond the typical scope of major trades.
